

SJM Softech Pvt. Ltd. offers a **tailor-made Case Management Software** designed to streamline legal operations, enhance productivity, and ensure seamless case handling. Our custom solution is built to adapt to your firm's unique needs, improving efficiency and organization.

Key Features:

- ✓ **Case Tracking & Document Management** 📁 – Securely store, track, and access case files anytime, anywhere.
- ✓ **Task Automation** ⌚ – Automate reminders, delegate tasks, and streamline workflows to meet deadlines efficiently.
- ✓ **Client Communication** 💬 – Secure messaging and document sharing to enhance client collaboration.
- ✓ **Calendar Integration** 📅 – Sync appointments, hearings, and deadlines for better organization.
- ✓ **Billing & Financial Management** 💰 – Track billable hours, generate invoices, and manage firm finances effortlessly.
- ✓ **Security & Compliance** 🔒 – Robust data protection to meet legal privacy and compliance standards.
- ✓ **Reporting & Analytics** 📊 – Generate detailed reports to monitor case progress, performance, and team efficiency.

Our **scalable solution** is designed for law firms of all sizes, simplifying case management while improving overall productivity.

Why Case Management Software is Essential ?

Case management software is crucial for law firms and legal professionals for several reasons:

- **Improved Organization** 📁: Centralizes all case-related information—documents, client communications, deadlines, and tasks—into one easy-to-access platform, reducing the risk of missing critical details.
- **Enhanced Efficiency** ⚡: Automates routine tasks like reminders, document management, and task assignments, saving time and letting legal teams focus on more important aspects of case handling.
- **Better Client Communication** 💬: Facilitates secure communication between legal teams and clients, ensuring updates, document sharing, and feedback are handled efficiently and securely.
- **Streamlined Workflow** 🔄: Ensures smooth coordination within teams by tracking deadlines, court dates, and appointments, keeping everything organized without manual tracking.
- **Improved Collaboration** 🤝: Team members can work together in real-time on the same case, with easy access to shared documents and updates, improving overall collaboration.
- **Data Security & Compliance** 🔒: Ensures sensitive information is securely stored and complies with industry regulations and privacy laws, keeping your firm protected.
- **Financial Tracking** 💰: Enables efficient tracking of billable hours, expenses, and invoicing, improving financial management and ensuring accurate billing for clients.

- **Analytics & Reporting** 📊: Provides insights into case performance, team efficiency, and financial health, helping with better decision-making and strategy improvement.

In short, **Case Management Software** boosts productivity, reduces errors, improves client service, and ensures legal teams stay organized, secure, and efficient. It's an essential tool for modern law practices.

Transform Your Law Firm Operations with Our Case Management Software

🔒 **Unlock the full potential of your law firm** with SJM Softech Pvt Ltd's **custom-built** Case Management Software—a powerful tool designed to ✅ streamline your operations, ⚡ enhance efficiency, and 💖 improve client satisfaction. Here's how our software can revolutionize your law firm:

🚀 **Transform Your Firm's Productivity,** 💰 **Reduce Operational Costs,** and 🏆 **Enhance Client Service** with SJM Softech's **customized** Case Management Software—the all-in-one solution to streamline your law firm's operations and drive success.

🌟 **Key Features at a Glance** 🚀

Login as a super admin

- ✚ **Add Firms:** Easily manage multiple law firms within the platform, making it easier to handle cases across different offices or branches.
- ✚ **Change Password:** Securely manage user accounts with the ability to change passwords, ensuring proper access control and confidentiality.

🚦 Check **Subscription**: Keep track of subscription status and renew or upgrade as needed to ensure continuous access to all features.

Manage Firm's Plans: Effortlessly oversee and adjust firm's subscription plans, including upgrades, renewals, action and feature access, all within a centralized platform.

My setting | User Profile Management: Easily manage your personal and firm-related information, including account details, preferences, and access settings, to ensure a customized and secure experience on the platform.

Account Management:

- **Change Password:** Securely update your password to enhance account security and maintain privacy.
- **Change Profile Picture:** Personalize your account by uploading or updating your profile picture.
- **Logout:** Sign out of your account to protect your data and ensure privacy when you're finished.

Login as a Firm

The **Login as a Firm** feature allows firm administrators or authorized users to securely access the software with the following options:

- **User Name or Email:** Enter the firm's registered username or email address for login.
- **Password:** Securely enter the password associated with the firm's account.

- **Remember Me:** Select this option to stay logged in on the device for quicker access in the future.
- **Forgot Password:** Easily reset the password by clicking the "Forgot Password" link to receive instructions via email.

This login system ensures that only authorized personnel can access sensitive firm data, offering secure and efficient entry to the software.

Dashboard

The **Dashboard** provides a customizable and user-friendly interface that displays important information at a glance. Key features include:

- **Customized User Dashboard Fields:** Personalize the dashboard to show relevant metrics, tasks, or notifications tailored to individual user preferences and roles.
- **Dashboard Items:** Display key widgets such as case status, upcoming deadlines, recent activities, or financial summaries to keep users informed.
- **Client Contact & List of Matters:** Easily access client contact details and view a list of active matters or cases, helping users stay organized and focused on their responsibilities.

The **Dashboard** streamlines workflow by presenting critical information in one convenient, easy-to-navigate space.

Administration

The **Administration** section allows firm administrators to manage user access and roles with ease. Key features include:

- **Add Users to Predefined Groups:** Assign users to specific predefined groups based on their roles and responsibilities, ensuring they have the appropriate access to resources and features.
- **Create Groups:** Set up custom user groups tailored to the firm's structure, making it easier to manage permissions and streamline workflows.

This functionality ensures efficient user management and maintains security within the firm's operations.

User: A **user**  is an individual who interacts with the case management software, managing tasks, accessing case information, and collaborating with team members to ensure efficient legal operations.

Roles 🧑🏻⚖️

The **Roles** feature in our case management software allows administrators to define specific user positions within the system, assigning the appropriate permissions based on their responsibilities within the firm. Each role ensures that users only have access to the relevant information and tools they need to perform their tasks efficiently and securely.

Key roles include:

1. Admin 🧑🏻⚖️

- Full access to all system features and settings.

- Ability to manage users, assign roles, and configure software settings.
- Oversee all activities and ensure proper system functioning.

2. **Lawyer** 🧑⚖️

- Manage and track cases, communicate with clients, and access documents.
- Ability to make legal decisions, update case statuses, and manage legal documents.
- Limited access to administrative functions, focused on case-related activities.

3. **Paralegal** 📄

- Assist in case management, legal research, and document preparation.
- Collaborate with lawyers on case details, but no access to sensitive client communication.
- Can update case information and manage document repositories.

4. **Client** 🧑

- Access only to their own case information and documents.
- Can communicate securely with the legal team and review case updates.
- No access to internal firm operations or other client cases.

5. **Support Staff** 📞

- Manage administrative tasks like scheduling, case documentation updates, and basic client communication.
- Limited access to case details and no ability to make legal decisions.
- Provides essential support to the legal team without accessing sensitive legal documents.

These **Roles** enhance security by ensuring that each user has the appropriate level of access to the software, improving workflow efficiency and safeguarding confidential information.

Clients

The **Clients** feature enables law firms to provide a secure, transparent, and collaborative environment for clients. Key features include:

- **View Case Progress** : Clients can track case status, milestones, and updates in real-time.
- **Secure Communication** : A safe platform for clients to send messages, ask questions, and share documents with their legal team.
- **Review Documents** : Clients can access, approve, or comment on case-related documents such as contracts and legal filings.
- **Manage Appointments** : Clients can track upcoming meetings, court dates, and important deadlines related to their case.

This feature ensures seamless communication, transparency, and active client involvement throughout the legal process.

Task

The **Task** feature in our case management software is designed to assign and track responsibilities within legal teams, ensuring deadlines are met and case progress is maintained. Key functionalities include:

- **Assignment** 🧑‍💻: Tasks are assigned to team members based on roles and expertise for optimal delegation.
- **Deadline Management** ⌚: Set deadlines to ensure tasks are completed on time, keeping cases on track.
- **Progress Tracking** 📊: Monitor task status and ensure they are completed as required.
- **Notifications** 🔔: Automated reminders keep users updated on overdue or upcoming tasks.
- **Collaboration** 💡: Real-time collaboration on tasks through shared notes, documents, and updates.

The **Task** feature promotes organization, timely completion, and effective team coordination for successful case management.

Opinion

The **Opinion** feature in our case management software allows legal experts to provide insights and advice that influence case strategies and decision-making. Key aspects include:

- **Legal Advice** : Lawyers offer professional opinions based on case facts, helping clients understand potential outcomes and strategies.
- **Case Strategy** : Opinions help shape the approach to litigation, settlement, and next steps in the case.
- **Document Review** : Legal teams can annotate and share their thoughts on case documents, ensuring alignment and clarity among stakeholders.

The **Opinion** feature is essential for informed decision-making, shaping legal strategies, and guiding the direction of a case toward a successful outcome.

Calendar

The **Calendar** feature in our case management software helps legal teams stay organized and ensures deadlines and appointments are met. Key features include:

- **Scheduling Court Dates** : Easily schedule and track court hearings, depositions, and legal events to avoid missing critical dates.
- **Appointment Management** : Schedule client meetings and internal team discussions with automated reminders.
- **Deadline Tracking** : Monitor important case deadlines, such as filing dates and document submissions, to ensure timely actions.
- **Syncing & Integration** : Sync your calendar across devices or systems to stay updated on the go.

The **Calendar** feature boosts efficiency, helps manage case-related events, and reduces the risk of missed deadlines.

Events 🎉

The **Events** feature helps track and manage important activities and milestones within a case or firm operations. Key features include:

- **Court Hearings** 🗑️: Track court hearings, trials, and legal proceedings to ensure no critical dates are missed.
- **Client Meetings** 🤝: Schedule and manage meetings with clients, witnesses, and stakeholders for smooth coordination.
- **Deadlines** ⌚: Monitor critical deadlines like filing dates and responses to avoid missed opportunities.
- **Internal Team Activities** 👤📁: Manage team meetings and internal reviews to keep everyone aligned.
- **Notifications** 🔔: Get automatic reminders to ensure all key events are timely executed.

The **Events** feature improves organization, ensures efficient planning, and guarantees the timely execution of both client-facing and internal activities.

Appointment

The **Appointment** feature helps organize and manage scheduled meetings, ensuring smooth coordination between legal professionals, clients, and stakeholders. Key features include:

- **Client Consultations** : Schedule and track meetings with clients for case updates, legal advice, or strategy discussions.
- **Court Appearances** : Organize court hearings, depositions, and trials, ensuring the team is fully prepared.
- **Internal Meetings** : Plan internal team meetings, case reviews, and strategy sessions for alignment.
- **Automated Reminders** : Receive automatic notifications for upcoming appointments to ensure timely preparation.

The **Appointment** feature helps manage all critical meetings efficiently, avoiding conflicts and keeping your legal team on track.

Timing and Expenses 🕒💰

The **Timing and Expenses** feature in our Case Management Software is designed to efficiently track billable hours, expenses, and invoicing. Key features include:

- **Billable Hours Tracking** 🕒: Track time spent on cases and tasks, ensuring all billable minutes are captured.
- **Expense Management** 💰: Log and categorize case-related expenses like travel or court fees for accurate billing.
- **Automated Invoicing** 📄: Generate invoices based on tracked hours and expenses, reducing errors and streamlining billing.
- **Customizable Rates** 💵: Set hourly rates for team members, tasks, or case types to match your firm's pricing structure.
- **Financial Reporting** 📊: Get insights into billable hours, expenses, and case profitability for better financial planning.

This feature simplifies billing, enhances financial accuracy, and improves resource management for your firm.

Accounts

The **Accounts** feature streamlines financial management, providing a centralized system for client billing, payments, and firm expenses. Key functionalities include:

- **Client Billing** : Generate and track invoices based on billable hours, expenses, and services rendered.
- **Payment Tracking** : Monitor client payments and outstanding balances to ensure timely collections.
- **Expense Logging** : Log case-related expenses like court fees, travel, and administrative costs.
- **Account History** : View detailed financial histories for each client, tracking payments, invoices, and adjustments.
- **Financial Reporting** : Create customizable reports to analyze revenue, expenses, and profitability.
- **Tax & Compliance** : Ensure compliance with tax regulations by generating reports for tax filing.

This feature enhances accuracy, transparency, and efficiency in managing financial aspects, giving you greater control over firm finances.

Billing & Invoice

The **Billing & Invoice** feature simplifies invoicing and payment management, ensuring accuracy and efficiency. Key functionalities include:

- **Customizable Invoices** : Tailor invoices to your firm's billing structure, including services, billable hours, and expenses.
- **Automatic Billable Hours Tracking** : Automatically track billable hours for accurate invoicing.
- **Expense Integration** : Add case-related expenses directly to client invoices for accurate billing.
- **Multiple Payment Methods** : Offer clients various payment options, such as credit cards, bank transfers, and online systems.
- **Recurring Billing** : Set up recurring billing for retainer agreements or ongoing services.
- **Detailed Reporting** : Generate reports to track outstanding invoices, payment statuses, and overall billing performance.
- **Payment Reminders** : Automatically send reminders for unpaid invoices, ensuring timely payments.

This feature streamlines the billing process, improves cash flow, and ensures accurate, timely invoicing for law firms.

Ledger

The **Ledger** feature helps law firms track all financial transactions accurately, ensuring transparency and efficiency. Key functionalities include:

- **Transaction History** : Keep a comprehensive log of client payments, invoices, expenses, and reimbursements.
- **Case-Specific Ledger** : Track financials for individual cases, ensuring accurate attribution of billable hours, expenses, and payments.
- **Categorized Entries** : Organize transactions by categories like billable hours, administrative costs, and client payments.
- **Real-Time Updates** : Stay updated on the status of accounts and transactions for better financial management.
- **Balance Tracking** : Monitor outstanding balances, payments, and refunds for clients and firm accounts.
- **Audit Trail** : Maintain a secure, transparent record of all financial activities for auditing or compliance purposes.
- **Customizable Reports** : Generate reports to analyze cash flow, outstanding payments, and case-specific finances.

This feature ensures organized financial tracking, transparency, and compliance, making financial management easier for law firms.

Transaction

The **Transaction** feature enables precise tracking and management of all financial exchanges within your law firm. Key functionalities include:

- **Payment Tracking** : Record and monitor client payments, ensuring accurate financial records for full and partial payments.
- **Expense Logging** : Capture and associate case-related expenses, such as travel, court fees, and billable costs, with specific cases or clients.
- **Receipts & Invoices** : Generate receipts for payments and invoices for services, keeping all financial documents organized.
- **Transaction History** : Maintain a log of past transactions, making it easy to access payment, expense, and adjustment records.
- **Refund Management** : Manage and document refunds or adjustments, ensuring client satisfaction.
- **Payment Methods** : Track payments from credit cards, checks, or bank transfers, offering flexibility in payment options.
- **Real-Time Updates** : Get instant updates on payment and expense statuses, ensuring current financial records.

This feature enhances financial accuracy, transparency, and management, making it easier for your firm to track and process all financial transactions.

Plan Renewal

The **Plan Renewal** feature helps streamline and manage your firm's subscription renewal process. Key functionalities include:

- **Automatic Renewal** 📅: Automatically renew your subscription plan to maintain continuous access to all software features and services.
- **Renewal Notifications** 🔔: Receive timely reminders before renewal dates to review and adjust your plan if needed.
- **Plan Upgrades** 🔧: Easily upgrade your plan for more features, storage, or additional user seats as your firm's needs grow.
- **Payment Processing** 💳: Securely process renewal payments through your preferred payment method, simplifying the transaction.
- **Subscription History** 📊: Access detailed records of past renewals, payments, and changes for full transparency.
- **Customizable Renewal Terms** ⚙️: Choose from flexible renewal periods (monthly, quarterly, yearly) to fit your firm's needs.

This feature ensures uninterrupted software access and smooth subscription management, making it easier to stay up-to-date with your firm's requirements.

The screenshot shows the 'Subscription' module in a software interface. The left sidebar contains a navigation menu with options: Dashboard, Administration, Clients, Cases, Tasks, Opinion, Calendars, Time & Expenses, Accounting, Subscription (highlighted), Transaction, Plan Renew, Reports, and Settings. The main content area displays a table with the following data:

Str No.	Plan	Plan amount	Valid	Action
1	Annual	50.00	2025-12-01	Renew

At the bottom of the interface, there is a copyright notice: 'Copyright © 2020 FirmSolutions. All rights reserved.' and a date indicator '10/01/20'.

Report Module

The **Report Module** in the software provides detailed and customizable reports that help law firms track case progress, financial activities, and client interactions efficiently. This module enables legal teams to monitor key metrics, ensure compliance, and make informed decisions. Below are key features of the **Report Module**:

Bank Activity Report

The **Bank Activity Report** feature provides an in-depth overview of all financial transactions related to cases and clients, ensuring transparency and accuracy in financial management. Key functionalities include:

- **Transaction Tracking** : Monitor all financial transactions, such as payments, deposits, and case-related expenses, providing insights into the movement of funds within each case.
- **Bank Reconciliation** : Reconcile firm bank account transactions with case records to ensure consistency and accuracy in financial reporting.
- **Income & Expenditure Report** : Generate detailed reports summarizing income and expenses for specific cases, giving a clear view of each case's financial status.

This feature helps keep financial records organized, supports accurate reporting, and promotes transparency in case-related financial activities.

Case Report 🏛️

The **Case Report** feature offers a detailed overview of both ongoing and closed cases, helping legal teams stay on top of case progress, deadlines, and outcomes. Key functionalities include:

- **Case Tracking** 📅: Monitor the status of cases, including important milestones, court dates, and deadlines, offering a clear view of each case's progress.
- **Task & Deadline Management** 📋: Keep track of tasks and deadlines to ensure timely completion and avoid missing crucial dates such as document filings and court hearings.
- **Case Outcome Summary** 🏆: Generate reports summarizing the outcomes of closed cases, helping identify successful strategies and areas for improvement in future cases.

This feature is essential for maintaining organization, tracking progress, and analyzing case results to optimize future case management strategies.

Client Activity Report

The **Client Activity Report** tracks and logs all interactions and activities between the firm and its clients, ensuring transparent and effective communication. Key functionalities include:

- **Communication Log** : Track all communications with clients, such as calls, emails, and messages, ensuring no important conversation is missed.
- **Appointment & Meeting Tracking** : Manage and report on client meetings, consultations, and follow-ups, ensuring all client-facing activities are scheduled and documented.
- **Case Updates** : Provide clients with clear, up-to-date information on case progress, including upcoming deadlines, hearings, and document reviews.

This feature fosters a strong client relationship by ensuring transparency, tracking all activities, and keeping clients informed throughout the process.

Settings

In the **Settings** section, users can customize various aspects of the software to suit their firm's needs. Key settings include:

- **Practice Area:** Define and manage different legal practice areas for efficient case categorization.

- **Holidays:** Set up firm-wide holiday schedules to manage time off and availability.

- **Invoice:** Customize invoice templates and billing preferences.

- **Currency:** Choose the currency for transactions and financial reporting.
